

Our Wonderful World

Year 6 Autumn 1 and 2

As Geographers, we will be studying the world around us. We will find out about volcanoes and earthquakes as well as learning about climate zones. We will also be using our map skills.

In Computing we will be developing our blogging skills and learning more about online safety.

As Athletes we will be developing our fitness for cross country and improving our tag rugby skills.

In English we will be exploring and writing a variety of genres based on our topic including: biographies, newspaper articles and stories.

As Scientists we will be investigating living things and their habitats. We will be classifying animals and finding out more about the Linnean system. Later on in the topic we will discover about evolution and inheritance.

In RE, we will be discussing the question, 'What do religions say to us when life gets hard?'

During PSHE, our topics will look at 'Being me in my world' and 'Celebrating difference'.

As Artists, we will be developing our sketching skills. We will think carefully about the light and shade. Later on in the half term we will focus on Christmas design projects.

As Mathematicians we will be learning about place value and solving calculations with 4 or more digits. We will further develop our understanding of fractions, decimals and percentages. We will also solve multi-step word problems.

As MFL experts, we will be learning how to say what we did at the weekend and be able to discuss the clothes we wear.
