

Year 1 Curriculum Newsletter Autumn Term 1 2019

Our theme this half term is.....

The Smartest Giant in Town

As Scientists we will be completing different Science investigations to find out about shadows and rainbows. We will be seasonal explorers to see the changes outside.

In PE we will be learning to be fitness experts by completing a variety of exercise challenges.

In our Computing lessons we will be learning about E Safety, basic mouse and keyboard skills.

As Mathematicians we will be learning the place value of numbers, how to add and subtract numbers within 10.

As Historians we will be looking at different time lines including our own time line. To celebrate the landing of the moon we will explore what happened and when.

As Musicians we will be learning songs to celebrate the Harvest Festival.

In our RE lessons we will be looking at who Christians are and what they believe.

As Artists we will continue to explore the work of Kandinsky by using a range of colours to complete different artwork.

In English we will be focusing on learning and writing about 'The Smartest Giant in Town'. We will be creating our own instructions on how to make a potion and writing seasonal poetry. We will also be concentrating on our weekly spellings and practising our segmenting and blending in Phonics.
